

Know any Life Science or Clean Tech Companies Looking for Funding?

We're recruiting clean tech, biotech, medical device, and health care companies led by women to participate in our 20th venture forum program and maximize their exposure to receptive VCs, angels, corporate investors and strategic partners across the country.

APPLY NOW For AllThingsLifeSciences: 2010!
Priority Deadline is March 17, 2010

Who's Eligible?

Companies at all stages are encouraged to apply, including representation from the entire spectrum of life science and clean tech sectors.

Companies should have:

- a qualified and profitable market opportunity
- a defensible competitive advantage
- a credible management team
- a woman in a key management position holding a significant equity stake

Why Apply?

Here are a few compelling reasons to get involved with Springboard:

- **National Network - 500 Investment Funds Have Funded Springboard Companies**, including Canaan Partners, Venrock Associates, Versant Ventures, Lilly BioVentures and hundreds more.
- **Track Record of Results** – Our portfolio companies include ViaCell, Minute Clinic, iRobot and hundreds of others. 80% are still operational.
- **Advantage of Virtual Program Elements** – We use technology during the screening and coaching elements of the program to maximize exposure while cutting down on travel to in-person events.
- **Exposure at In-Person Events** – Our applicant interviews, walk through sessions, bootcamp program and other in-person program events offer frequent opportunities to develop relationships with members in our national network.

How to Apply

Apply online by visiting www.springboardenterprises.org/vcf/atls.

Application and Participation Fees*

- \$50 - Application fee
- \$1000 - Program participation fee

* For Springboard Alumnae discounts, please view your member benefits online

Venture-Catalyst **Springboard Enterprises** is the go-to organization for information about and support for entrepreneurial ventures led by women. Springboard sources, qualifies, coaches, showcases and supports high growth potential companies as they seek equity capital for product development and expansion. The 407 companies that have presented at Springboard forums have raised over \$5 billion in equity, grants and corporate investments. Visit www.springboardenterprises.org for more information.
